ANHUI WARRIOR ELECTRONIC TECHNOLOGY CO., LTD.

COMPANY PROFILES

Vacree Technologies Co., Ltd. is a holding company of CETC Brainware Electronic Technology Co., Ltd., a third-level subsidiary of China Electronics Technology Group Co., LTD. (a government-owned enterprises ranked in Top 500 in the world), specializing in cryogenics & vacuum and gas separation technology research and product development.

Vacree is a national high-tech enterprise, which was established in 2003. As a pioneer in China's cryogenic industry, through 20 years of development, it has formed three main businesses: cryopump and cryocooler, cryogenic vacuum system and engineering, gas equipment and engineering, accumulated unique professional and technical advantages and complete research and development personnel team, and become a well-known domestic cryogenics and vacuum professional technology enterprise. The products have been widely used in fields such as national large science and engineering, energy and chemical industry, semiconductor, optical fiber manufacturing, medical health and so on.

PRODUCT INFORMATION OF RELIEF VALVE

01

Standard Product: KF25 Installation Interface, Other Interfaces Can Be Customized

02

304 Stainless Steel

03

Relief Pressure Meets The Requirement of 0.1-0.3psi

04

Leakage Rate $<1 \times 10^{-9} \text{pa.m}^3.\text{s}^{-1}$

05

Trouble-free Operation Times >3 Million Times

RELIABILITY TEST RECORD OF KF25 RELIEF VALVE

ADDRESS: No. 189, Haitang Road, Hi-tech Zone, Hefei city, Anhui Province

POSTAL CODE: 230088

TEL: +86-551-65901517
